

BUSINESS PROGRAMS

The **Master of Business Administration (MBA)** provides a quality graduate program for experienced professionals who want to assume management and leadership positions in a variety of organizational settings. The program encompasses the knowledge and skills necessary for effectively managing both the technical and the human sides of organizations.

The curriculum consists of foundation courses, core courses, and elective courses that combine business theory with current business practice. The foundation and core courses provide a common body of knowledge required for effective performance in today's unpredictable global business environment. Complementing this common body of knowledge are a variety of electives from which students can choose, depending on their professional interests.

Additional details about the MBA degree are available in the MBA program description (<https://catalog.umw.edu/graduate/business-programs/master-business-administration/>) section of the Catalog.

- Master of Business Administration (<https://catalog.umw.edu/graduate/business-programs/master-business-administration/>)
- Project Management Certificate (<https://catalog.umw.edu/graduate/business-programs/project-management-certificate/>)

The College of Business is also the home for four Centers (<https://umw-preview.courseleaf.com/undergraduate/college-business/#centerforeconomicdevelopmenttext>) that support development and research related to business activities: the Center for Economic Education, the Small Business Development Center, Center for Economic Development, and the Center for Business Research.
