ART HISTORY

Degree: B.A., Art History

Department of Art and Art History (https://cas.umw.edu/art/)

The Bachelor of Arts degree in Art History provides the background for a life-long appreciation of art and the intellectual framework for conducting research in art history. Our discipline explores the cultural, philosophical, historical and global contexts of visual human expressions. Classes focus on styles, issues, media, and individuals and give a broad overview of the complexity of *art*. Course offerings include both historical periods and thematic approaches that demonstrate the interconnectedness as well as diversity of artistic expression and the rich history of our discipline. Art History faculty connections to UMW current and developing programs in American Studies, Asian Studies, Contemplative Studies, Disability Studies, Museum Studies, and Women, Gender, and Sexuality Studies emphasize our commitment to working across disciplines and seeing Art History as central to the Liberal Arts here at UMW.

The Art History major provides a foundation for any type of career that requires a strong and developed ability to read and write, identify and solve problems, and think critically. Faculty are teacher-scholars engaged in research and professional activities. We work closely with students on student-initiated research topics and invite students to join us on our research. University resources in Simpson Library include strong holdings in Art History and related disciplines as well as subscriptions to Jstor, Artstor, and other databases to support opportunities for expansive and exciting learning. Department and University resources also include scholarships and grants that allow students to conduct on-site research to look at and study art; grants have allowed our students to travel throughout the US as well as Mexico, African nations, and European countries on research.

Proximity to Washington, D.C., Richmond, Baltimore, and New York City, gives students first-hand experiences of art works. Visiting scholars and artists offer students important networking opportunities, as well as lectures on recent developments in the field. In addition, UMW Galleries bring exciting exhibitions and events to campus while advancing the educational goals of the University through the collection, exhibition, and interpretation of works of art. Students may intern with UMW Galleries as well as the University's Belmont, Gari Melchers Home and Studio, and the James Monroe Museum and Memorial Library to gain experience as catalogers, researchers, administrative assistants, and exhibition installers. Internships allow our students to gain valuable experience and career contacts by working in museums and art institutions not only in Fredericksburg, but in Washington, D.C., Richmond, and beyond. Many of our students have gone on for graduate study in Art History at major institutions and are now employed by museums, galleries, cultural centers, and universities. Others have gone into library science, law, art therapy, publishing, retail design, and business. Our alumnae/i are generous supporters to our program and mentors to current majors.

These courses may be taken graded or pass/fail (or S/U in the case of physical education and 100-level dance). No student in a regular B.A./B.S./B.S.Ed. program may count

more than 60 credits in a single discipline toward the 120 credits required for graduation.

Plan of Study

This suggested plan of study should serve as a guide to assist students when planning their course selections. It is not a substitute for a student's Degree Evaluation or the Program Requirements listed for this major in the catalog. Academic planning is the student's responsibility, and course selections should be finalized only after speaking with an advisor. Students should familiarize themselves with the catalog in effect at the time they matriculated at the University of Mary Washington. Students should also familiarize themselves with general education requirements (https://catalog.umw.edu/undergraduate/general-education/) which can be fulfilled through general electives as well as major/minor course requirements. Course requirements and sequencing may vary with AP, IB, CLEP, Cambridge or previous coursework, transfer courses, or other conditions. To be considered full-time, an undergraduate student must be enrolled in 12 or more credits for the semester.
