

FINANCE

Degree: B.S., Business Administration
 College of Business (<http://business.umw.edu/>)

The Finance major provides students with a sound foundation to move in a broad range of professional directions in Finance including the public, governmental, private, and not-for-profit sectors. In addition to having many UMW graduates working in these various areas, the College of Business invites many UMW graduates back to campus to interact with current students. The Finance major provides students with an opportunity to study investment analysis, management of banks and other financial institutions, and the financial management of corporations and other businesses.

Financial decision making is critically important in the business world, whether the context is entrepreneurial, corporate, or governmental economic policy. The minor in Finance is designed to provide students with the core fundamental coursework in mathematics, economics, and business to succeed in this area. A Finance major is required to take six (6) upper level finance and economics courses (in addition to FINC 301 Principles of Finance).

A student who has not declared a Business major is limited to taking no more than 27 hours in business or business related courses defined as those courses with the following prefixes: ACCT, BLAW, BUAD, DSCI, FINC, MKTG, MGMT, MIST, CIST, or LRSP.

Student Learning Outcomes

1. Students will demonstrate a working knowledge of accounting concepts.
2. Students will demonstrate a working knowledge of finance concepts.
3. Students will demonstrate a working knowledge of information systems concepts.
4. Students will demonstrate a working knowledge of management concepts.
5. Students will demonstrate a working knowledge of marketing concepts.
6. Students will understand global issues in business.
7. Students will understand ethical issues in business.
8. Students will think critically in solving complex business problems.
9. Students will effectively articulate business knowledge in oral communication.
10. Students will effectively articulate business knowledge in written communication.
11. Students will effectively apply research methods knowledge through defining research problem, formulating hypothesis, and data analysis.

To be admitted to the College of Business, students must have earned a cumulative grade point average of 2.0 or better after completing at least 27 college credits and a grade of C or higher in ACCT 102 Principles of Accounting II, and have met the criteria for major declaration (<https://>

catalog.umw.edu/undergraduate/academic-policies/major-minor-declaration/) set forth in the Academic Catalog.

The major in Business Administration is a Bachelor of Science degree. Business majors should note the degree requirements for B.S. degrees, found here (<https://catalog.umw.edu/undergraduate/undergraduate-degrees/ba-bs-degree/>).

Additional important information is contained in the description of B.A./B.S./B.S.Ed. General Education Requirements (<https://catalog.umw.edu/undergraduate/general-education/requirements-bachelor-arts-bachelor-science-degrees/>).

Please also note that the section of this *Catalog* outlining “University Academic Policies and Procedures” applies to students in the College of Business. Students with questions about general academic requirements should consult this part of the *Catalog* for guidance. All of the “Academic Resources” described in an earlier section of this *Catalog* are available as needed to students in the College of Business

Major Requirements

Required Prerequisites

Code	Title	Credits
BLAW 201	Legal Environment of Business	3
STAT 180	Introduction to Statistics ¹	3
