

# SOCIOLOGY

## Degree: B.A., Sociology

Department of Sociology and Anthropology (<https://cas.umw.edu/sociologyanthropology/>)

Sociology systematically investigates human society and social interaction, seeking to understand patterns of organization and change in a variety of settings.

The Bachelor of Arts in Sociology degree program offers a strong foundation in sociological theory and methods of research. In addition, students take courses to deepen their understanding of socialization, culture, social organization, social change, differentiation, and inequality. Courses focus on such topics as ethnic and racial relations, family, gender, medicine, occupations and professions, organizations, politics and the state, popular culture, population, religion, urban life, aging, juvenile delinquency and criminology.

Special readings and individual study and research offer students the opportunity to pursue areas of special interest. Supervised internships are also available.

The program of study is designed to provide sociology majors with a strong foundation for graduate work in the social sciences, as well as for a variety of careers, including elementary and secondary teaching, social services, public policy formulation, public administration, urban planning, and research in both public and private agencies, including private industry and the allied health professions.

## Student Learning Outcomes

1. Students will define and explain various sociological concepts and theories.
2. Students will identify social issues and evaluate implications of such issues by finding relevant evidence and evaluating the evidence.
3. Students will analyze and interpret empirical data from a sociological perspective.
4. Students will understand social policies and their implications and become more informed and engaged citizens of the community and the world.
5. Students will feel prepared and confident to take on a career path.
6. Students will design an original research project and demonstrate skills to generate data or collect relevant information.

## Major Requirements

Code	Title	Credits
SOCG 105 or SOCG 155	The Social World Social Issues	3
SOCG 364	Quantitative Research Methods and Analysis <sup>1</sup>	4
SOCG 365	Qualitative Research Methods and Analysis	4
SOCG 372 or SOCG 373 or SOCG 374	History of Social Theory Contemporary Sociological Theories Feminist Theory & Intersectionality	3
Select 15 additional Sociology credits at or above the 200 level, excluding internships (499) <sup>2</sup>		15

Any 3 credit SOCG course at or above the 400 level except 499	3
---	---

<b>Total Credits</b>	<b>32</b>
----------------------	-----------

<sup>1</sup> Statistics 180 (Introduction to Statistics) is a prerequisite for SOCG 364 Quantitative Research Methods and Analysis and must be taken prior to enrolling in this course.

<sup>2</sup> A maximum of six anthropology credits at 200-level or above, excluding individual study (ANTH 491 Individual Study and Research, ANTH 492 Individual Study & Research ) and internships ( ANTH 499 Internship ) may be substituted for sociology electives.

## General Education Requirements

The general education requirements for Bachelor of Arts/Bachelor of Science degrees (<https://catalog.umw.edu/undergraduate/general-education/requirements-bachelor-arts-bachelor-science-degrees/>) apply to all students who are seeking to earn an undergraduate B.A., B.S. or B.S.Ed. degree.

Students seeking a Bachelor of Liberal Studies degree have a separate set of BLS general education requirements (<https://catalog.umw.edu/undergraduate/general-education/requirements-bachelor-liberal-studies-degrees/>).

## Electives

Elective courses are those that are not needed to fulfill a general education requirement or major program requirement but are chosen by the student to complete the 120 credits required for graduation with a B.A./B.S./B.S.Ed. degree or the BLS degree. These courses may be taken graded or pass/fail (or S/U in the case of physical education and 100-level dance). No student in a regular B.A./B.S./B.S.Ed. program may count more than 60 credits in a single discipline toward the 120 credits required for graduation.

**Total Credits Required for the Degree:** 120 credits

## Plan of Study

This suggested plan of study should serve as a guide to assist students when planning their course selections. It is not a substitute for a student's Degree Evaluation or the Program Requirements listed for this major in the catalog. Academic planning is the student's responsibility, and course selections should be finalized only after speaking with an advisor. Students should familiarize themselves with the catalog in effect at the time they matriculated at the University of Mary Washington. Students should also familiarize themselves with general education requirements (<https://catalog.umw.edu/undergraduate/general-education/>) which can be fulfilled through general electives as well as major/minor course requirements. Course requirements and sequencing may vary with AP, IB, CLEP, Cambridge or previous coursework, transfer courses, or other conditions. To be considered full-time, an undergraduate student must be enrolled in 12 or more credits for the semester.

Course	Title	Credits
<b>Freshman</b>		
<b>Fall</b>		
FSEM 100	First-Year Seminar	3
